NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS) CODES

The integration of NAICS codes requires corporations to pick their main revenue-generating business activity. Active corporations that file their T2 returns either by Internet or on paper using 2D bar codes must choose the most appropriate code to describe their main revenue-generating business activity.

**It is crucial that the most accurate business activity is selected the first time (using the keyword NAICS.ACT in the ACTIVITY keyword group), since the first year's code is carried forward to subsequent years, allowing for a simple validation of the description when no change in the main business activity occurs.**

**Therefore, for subsequent years, the corporation should validate that the business description chosen for the last return filed is still accurate. If the last business description is still accurate, no further action will be required. The return may be transmitted electronically or printed in bar-code format.**

**If the last business description is not accurate, the corporation must select an updated business activity description.**

Should you have any questions to describe your active corporation's main revenue-generating business activity when filing your T2 return, please call the CRA Business Enquiries line at 1-800-959-5525.

## FEDERAL CORPORATION INTERNET FILING

Corporations can sign up for "Email notifications" when filing their T2 return through the Internet. **The ability to register for "Email notifications" is only applicable for initial assessments (IAS). The service cannot be updated when a corporation is submitting a reassessment.**

My Business Account should be specified to register for the Canada Revenue Agency's email notification service.

If you register, the Canada Revenue Agency will send you an email when changes to the account have been made, or when eligible notices, letters, or statements are available for viewing in My Business Account (**separate registration is required**). The Canada Revenue Agency will not send these eligible notices, letters, or statements to you through Canada Post.

If a corporation income tax return is being transmitted electronically by someone other than the required filer, an authorized signing officer of the corporation must complete and sign Form T183CORP before the tax return is transmitted.

The amounts entered on Form T183CORP must match the amounts on the electronically filed return. Do not submit the form unless it is requested by CRA. Keep a copy for your records.

A signed Business consent/Cancel business consent confirmation page should also be retained for your records when electronically submitting this request.

Refunds for returns filed using the Corporation Internet Filing service will be issued by cheque or by direct deposit.

when completed

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return. A shorter version of the return, the T2SHORT, is available for eligible corporations.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see [canada.ca/taxes](https://canada.ca/taxes) or Guide T4012, T2 Corporation – Income Tax Guide.
